ESA Background Briefing_6_5_2017_short version.pptx
ESA Background Briefing_6_5_2017.pptx

On the slide deck, there is a long version and a short version (I've attached the latest versions I have). Nancy Beck asked that we send around the "long version" to attendees of the political meeting prior to the meeting. Darlene typically handles this, but I would check w her to make sure. The "short" version is to walk through at the briefing. Rick wanted to add the short summary of our comments on the draft BiOps – Rick/Marietta can decide whether they want this added as a slide (to both long/short versions) or whether Marietta will discuss as TPs.

Phil is putting together a short summary of our responses to the Biops....

Anita has the pen on the slide deck for next week's meeting

We are putting together agenda topics for tomorrow's call at 8 – not many, maybe just talk about the political meeting next week?

Those are the only action items I have right now for ESA – is that right?

Thanks Anita,

B
